Email: rebates@fcagroup.com

1. To learn more about reimbursements, incentives and complete eligibility requirements, consult your dealer or visit www.fcausdriveability.com. 2. Certain features require a compatible streaming device and may use your device's existing data plan. See dealer for details. 3. Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving; always be aware of your surroundings. 4. This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. 5. This system is an alert system for the front of the vehicle. It is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. 6. Based on the FCA US LLC Premium Minivan segment. 7. Three-month/1GB trial included with the purchase or lease of a new vehicle. Upon expiration of the trial period, purchase of a subscription is required. Wi-Fi Hotspot available through third-party subscription. Requires Internet-enabled mobile device. See dealer for details. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. 8. Based upon publicly available data, available at the time of printing, regarding automotive industry standard safety features. 9. Check state and local laws regarding the use of remote start systems. 10. Vehicle must be locked and system activated for alarm to sound. 11. Always check visually for vehicles prior to changing lanes. 12. Properly secure all cargo. Always tow within the vehicle's capacity. 13. Based on Light-Duty Pickup segment. 14. Always sit properly in designated seating positions with seat belts securely fastened at all times. 15. Always drive carefully, consistent with conditions. 16. When properly equipped. See dealer for details. 17. Always check entire surroundings visually before backing up.

FLT-2021-0028

*WE STAND FOR
YOUR FREEDOM
TO GO EVERYWHERE.*

OUR COMMITMENT

If there's one thing we've learned from being a leader for as long as we have, it's that we work to meet and solve challenges before they've even stepped from the shadows — providing mobility in the absolute smartest, sleekest, intuitive and adaptive form. When it comes to FCA vehicles, we're committed to defining moments and touchpoints while bringing accessibility, capability, peace and confidence to our drivers — no matter their challenges.

OUR GOAL

The FCA DriveAbility Program was created to help you live life to the fullest with customizable, adaptive vehicle equipment — including a generous reimbursement — to help you out along the way. We believe in giving our drivers and passengers more options than ever before to increase their independence.

CREATING YOUR PATH TO THE POSSIBLE.

- + *DRIVE THE VEHICLE YOU WANT*
- + *HAVE IT ADAPTED TO SUIT YOUR SPECIFIC NEEDS*
- + *EARN UP TO A \$1,000 REIMBURSEMENT^{1*}*

Learn more about the program and your options for greater mobility at fcausdriveability.com

*All disclaimers and disclosures can be found on the back cover.

PROGRAM DETAILS

Contact your dealer for additional eligibility requirements and see the application for complete guidelines. Call (800) 255-9877 or visit fcausdriveability.com

Your FCA dealer will help guide you through every step of the process — from selecting adaptive equipment to submitting financing forms — for a maximum reimbursement of \$1,000¹ on conversions to Chrysler, Dodge, Jeep®, Ram, FIAT® or Alfa Romeo vehicles. You can also rest assured that these reimbursements will not be reduced or affected by any additional outside funding for which you may be eligible.

REIMBURSEMENT

Q What is the time limit for this reimbursement?

A Adaptive equipment must be installed within six months of vehicle purchase or lease. A claim form and all associated paperwork must be submitted to DriveAbility Program Headquarters within 60 days of complete installation of adaptive equipment.

Q Can this program be used as a reimbursement and applied to the purchase or lease price of the vehicle?

A No. This is a customer reimbursement after the adaptive equipment is installed.

Q Can I use this reimbursement in addition to other FCA US LLC incentives?

A DriveAbility reimbursements may be used in addition to any other applicable FCA US LLC cash or lease incentive programs in effect at the time you buy or lease your new vehicle. The DriveAbility reimbursement will not be affected by any additional outside funding you may secure to help cover the costs of your vehicle conversion.

FINANCING

Q Can you help finance the adapted vehicle I purchase/lease?

A Our dealers can assist in the finance process for the cost of your new vehicle, as well as for any modifications. Conventional financing is available; see your dealer for details.

EQUIPMENT

Q Does factory-optional equipment qualify for this program?

A No. Factory-optional equipment is not reimbursable under the DriveAbility Program.

Q Do I need a prescription or note from my doctor?

A For running boards, alerting devices and other similar-type adaptations, you'll need to provide a prescription or medical documentation on a physician's letterhead. However, for many adaptations, such as hand controls and wheelchair or scooter hoists, you are not required to provide a medical note or prescription from a doctor.

Q Does the equipment have to be installed by a Chrysler, Dodge, Jeep, Ram or FIAT dealer?

A No. The equipment may be installed by any reputable and qualified adaptive equipment dealer selected by the customer. FCA US LLC recommends any major structural modifications be completed by a factory-approved vehicle conversion company that is also a member of the National Mobility Equipment Dealers Association (NMEDA).

VEHICLES

Q Does this program apply to used vehicles?

A No. This program only covers new vehicles.

Q Does this program apply to leased vehicles?

A Yes. New vehicles which are leased for a minimum of 12 months are eligible for reimbursement.

CHRYSLER PACIFICA

*EVERY INGENUOUS FEATURE IS DESIGNED TO GIVE YOU
THE ULTIMATE IN CONVENIENCE AND INNOVATION.*

197.3 cubic feet of total passenger volume plus space behind third-row seat — along with a wide selection of seating, storage, function and conversion versatility — give Pacifica a utility feel with all the roominess and ease of entry of a minivan.*

Tie-downs*

Available Uconnect® Navigation²

Pacifica offers over 115 standard and available safety and security features, including available ParkSense® Front and Rear Park Assist³, available Parallel and Perpendicular Park Assist³, Adaptive Cruise Control with Stop and Go⁴, and Full-Speed Forward Collision Warning Plus⁵, a feature that automatically will apply emergency braking if needed.

Technology features include the largest-in-class⁶ 10.1-inch Uconnect radio touchscreen system with an available 4G Wi-Fi⁷ Hotspot, voice activation, and a personalized home screen for up to six different users with preferences for music, seat settings, comfort and vehicle operation.

*Upfit package is not FCA manufacturer equipment.

FEATURES

A new generation of family utility brings compatible new technologies and introduces an available All-Wheel-Drive system for enhanced driving capability. The lineup boasts the most standard safety features in the industry⁸ to help make every ride more secure.

Available Parallel and Perpendicular Park Assist³

Available FamCAM™ interior camera with automatic day and night modes

A MIGHTY GIRL

Meet Maya, a tenacious six-year-old with cerebral palsy (CP), living her life in a big way and on a mission to help others. Maya came into the world early and has been fiercely fighting development challenges since day one. Diagnosed with CP as a toddler, she and her family face every obstacle while she spreads inspiration. Mobility issues and relying on the aid of a walker have never prevented Maya from going wherever she and her big brothers want to go. Having a family vehicle that offers just the right accessories, space and versatility helps make it all possible.

CHRYSLER VOYAGER

*A VERSATILE, ADAPTABLE AND WELL-EQUIPPED MINIVAN
AT AN UNBEATABLE VALUE.*

With seating for seven and ample cargo space, the Voyager offers mobility innovations to help ensure expansive maneuverability and improved ease of entry and exit for wheelchair users.*

Accessibility Ramp*

Seating Versatility*

With standard seven-passenger seating in three rows, Chrysler Voyager delivers a smooth, exceptionally quiet and comfortable ride. Standard convenience amenities abound like Stow 'n Go® seating and storage, power-sliding side doors and liftgate, heated front-row seats and steering wheel, satellite radio and an inflatable spare tire. Available features include remote start⁹ security alarm¹⁰ and second-row retractable sunshades. The 2021 Voyager has achieved a 5-Star Overall Safety Rating — the highest possible — from the National Highway Traffic Safety Administration (NHTSA) in each of its crash-test measures, which is attributed in part to strategic use of high-strength steel in the Voyager's body structure.

*Upfit package is not FCA manufacturer equipment.

FEATURES

Rear- and side-entry conversions offer a wider entryway and more interior space, with an enhanced ramp securement system, passenger-seat flexibility and plenty of room for even the largest power wheelchairs and scooters.

Spacious front-seat leg room allows for enhanced mobility equipment

Available Blind Spot Monitoring¹¹

DRIVING WITH GREAT CARE

Jay and his wife, Ali, met while volunteering as caregivers. Their passion for community service and Jay's experience working with the Special Olympics led them to start a transport business 11 years ago. Since then, Med+Sync has benefited hundreds of clients to help them get to doctor's appointments, therapy and everything in between. The couple has maintained a successful family business despite Ali's multiple sclerosis (MS) diagnosis, but it's never slowed them down. Their family, including three young daughters, has inspired them to continue serving the needs of others.

RAM 1500

BUILT TO SERVE ON THE PROMISE THAT WE'VE GOT YOUR BACK WITH STRENGTH AND DETERMINATION.

Ram trucks are easily adaptable for double-side-door or rear-entry configurations, eliminating the need to cut flooring to accommodate additional head room.*

Transfer Seat*

Transfer Seat Control Pad*

The Ram 1500 offers an available, 395-horsepower 5.7L HEMI® V8 engine with the eTorque Mild-Hybrid System. It delivers impressive V8 engine towing of up to 12,750 lb¹² and is paired with a standard TorqueFlite® 8-speed automatic transmission.

Ram also offers more than 100 standard and available safety and security features. It also offers an available class-exclusive¹³ Active-Level™ Four-Corner Air Suspension System that lowers the vehicle for easy entrance/exit. For outstanding driving performance, the available 3.0L EcoDiesel V6 engine on Ram 1500 combines 480 lb-ft of torque and an available half-ton diesel towing capacity of 12,560 lb for impressive power.

*Upfit package is not FCA manufacturer equipment.

FEATURES

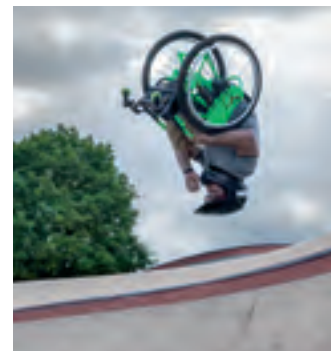

The available Uconnect® 12.0 with navigation² features a large, advanced 12-inch touchscreen. A customizable home screen with split-screen capability and pinch-to-zoom technology makes it easy to access what matters.

Available RamBox® System

Available Multifunction Tailgate

GETTING BACK UP AND TRYING AGAIN

Aaron "Wheelz" Fotheringham is an extreme wheelchair athlete who performs tricks adapted from skateboarding and BMX competition. Born without the use of his legs, he started riding at skate parks at the age of eight with the encouragement of his brother. The first time was scary, and he fell hard, but tried again and was hooked. Along with designing custom-made wheelchairs, Aaron enjoys showing young kids with disabilities that a wheelchair can be a tool, not a restriction. He loves helping them learn how to handle their chairs in different ways and teaching a trick or two.

JEEP® WRANGLER

YOU'RE INVITED TO LIVE WIDE OPEN WITH THE CAPABILITY AND ADAPTABILITY YOU'VE ALWAYS DREAMED OF.

Whether it's scooter hoists, rear or side wheelchair lifts, or outside wheelchair carriers, we have the equipment that's perfect for you, your vehicle and your lifestyle.*

Foot-Control Pedal Extension*

Easy-Fold Lift*

Wrangler Unlimited features standard hands-free voice command Bluetooth® and audio controls, available 8-speed automatic transmission and an available 2.0L Direct-Injection Turbo engine with 295 lb-ft of torque. True to the open-air experience Wrangler is known for, an available Sky One-Touch™ Power Top allows you to open the roof without leaving the vehicle.

Wrangler offers more than 75 standard and available advanced safety and security features, including the available Selec-Trac® 4x4 system with full-time mode. This system automatically switches between 2WD and 4WD based on driving conditions. This is the original vehicle that enables you to Go Anywhere, Do Anything.®

*Upfit package is not FCA manufacturer equipment.

FEATURES

Independence takes the helm. Steering, braking and acceleration can be easily controlled with hand controls, a left-foot accelerator and more to take control of your Wrangler without compromise.

A high-strength steel frame creates a solid foundation to help maximize crash protection, while an advanced air bag¹⁴ system is ready to be deployed when needed.

Trailer Sway Control (TSC)¹⁵

Available Sky One-Touch™ Power Top

JEEP® GLADIATOR

ENJOY LEGENDARY 4x4 CAPABILITY AND AUTHENTIC DESIGN FROM THE FIRST-EVER TRAIL RATED® PICKUP TRUCK.

The Jeep Gladiator is engineered from the ground up to be a true pickup truck — ready to carry you and your gear around the corner or to the far corners of the earth.*

Hoist Lift Hand Controller*

Hand Controls*

Stay in charge with voice command on your Uconnect® system to answer calls and control music without taking your hands off the wheel/controls or eyes off the road. Use voice or screen commands to set a destination and the available Uconnect 4C NAV² 8.4-inch touchscreen navigation² system will help guide you there, as well as find restaurants, gas stations and other points of interest.

Adventures often take you into uncharted territory, which makes Gladiator a perfect fit to store your gear and accessories. It's also why Gladiator offers over 80 standard and available safety and security features, including available Safety Group technologies to help keep you protected and exploring with confidence.

*Upfit package is not FCA manufacturer equipment.

FEATURES

Upfit your lifestyle with Jeep® Gladiator's clever functionality and versatility, advanced capability powertrains, intuitive technologies, and the open-air freedom of lightweight removable doors, soft top or hardtop along with abundant flexible storage.

Available Forward-Facing Off-Road TrailCam Camera³

Flexible Rear Seating

DUTY, HONOR AND A COMPETITIVE SPIRIT

When Eric McElvenny lost his leg while serving as a U.S. Marine in Afghanistan, it changed the trajectory of his life and started him on the path to competitive endurance sports. He became inspired to do things he never would have attempted had he not experienced that setback. Since the accident, Eric has developed a burning competitive spirit and an unyielding desire to put his life in fast-forward. An accomplished triathlete and decorated Marine captain, McElvenny is an inspiration to all who meet him, as he creates a new course for himself with a sense of adventure.

RAM PROMASTER®

EVERYTHING WILL BE HANDLED BY A VERSATILE CARGO VAN THAT'S FLAT-OUT UP FOR ANYTHING.

Lowered floors and ramps on ProMaster are the ideal upfit solution for loading and unloading wheelchairs and scooters.*

Equipment Lockdowns*

Rear Wheelchair Ramp*

The Front-Wheel-Drive Ram ProMaster features a turning diameter as low as 36.3 feet, an impressive cargo height, a wide door-opening width, a low load-in and step-in height, and a wide rear doorway width to accommodate most types of wheelchairs or lift systems. ProMaster is an excellent upfit choice for personal use and for facilities that transport multiple individuals with varying needs. With up to 462.9 cubic feet of cargo capacity,¹⁶ there's ample space for modifications. The standard ParkView® Rear Back-Up Camera¹⁷ helps make navigation in Reverse safer and easier — especially important when passengers are preparing to enter or exit the vehicle through the back door.

*Upfit package is not FCA manufacturer equipment.

FEATURES

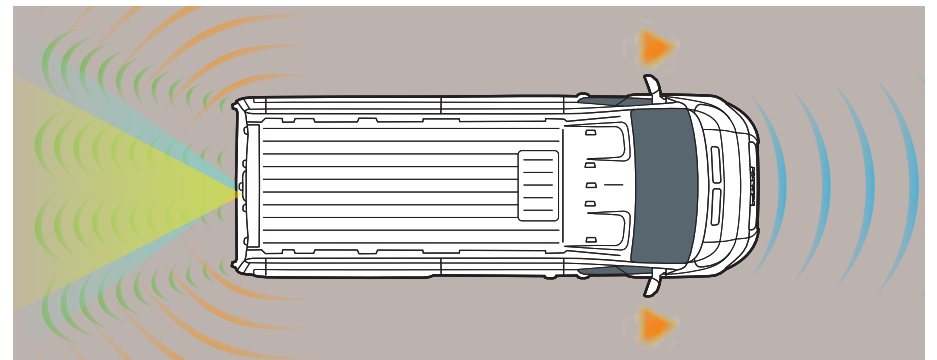

Your peace of mind is our top of mind. That's why the Ram ProMaster® has been designed with a solid, unibody frame that incorporates high-strength steel and numerous standard and available safety and security features.

Convenient Low Load-Floor Height¹²

Expansive Cargo Width

Available Blind Spot Monitoring¹¹
with Rear Cross-Path Detection³

Available Full-Speed Forward
Collision Warning Plus⁵

MINIVANS/VANS VEHICLE SPECS

The versatility, safety, spaciousness and affordability of vans and minivans make them a favorite for those looking to add adaptive equipment to a vehicle. With a remarkable range of customization, these vehicles offer you a suite of technology features, premium comfort and conveniences, even a plug-in hybrid

Vehicle	Head Room (inches)		Hip Room (inches)		Leg Room (inches)
